Welcome to FRONTIER KIDS CARE

UNLOCKING YOUR CHILD'S FULL POTENTIAL

Frontier Kids Care unlocks your child's potential by providing a medical home which offers integrated paediatric care from birth, through childhood, to the end of adolescence.

At the Health Supervision Visits, we emphasize prevention through education. With this in mind, please remember to keep your child's Health Supervision visits and make use of the educational material in the 'Learning not Waiting Menu' and on the website, which can now be accessed in the Waiting Room.
